Exceptional School Portraits. Unmatched Experience.

## What our Principals and Families are saying

From: **Nikki Carlone** Belle Chasse Academy

The whole process from start to finish was wonderful  
 With Juli and I giving directions and passing out the white cards it was taking FOUR minutes per class Four....amazing before it was 15 to 20 minutes per class....  
 We looking forward to working with you guys.  
 Thanks Nikki

I love how quickly we receive the proofs and how easy the ordering process is. When I've had questions I have always gotten quick responses and I always love the photos that are taken. All around amazing work!

I love this new system and seeing the image before deciding on a package. It's quick and easy to order! Thank you!

MillerFoto did an amazing job of ensuring that my 4 year old would have her picture included in the school yearbook. We joined the school in November which was after school pictures were taken. Once I realized that there was no photo of her, I voiced my concern and by the next day MillerFoto had reached out to me and accommodated us to come in and have her school/yearbook picture taken. The girls in the office were super friendly and helpful! We had two precious photos to choose from! I am such a happy mom to not only have my little girl's photo for her yearbook, but we also get to order our own prints for the family.

♥♥ Can't believe he took his photos this morning, and I had this cute pic in my inbox by 10am! Thanks Miller Foto! ♥♥

Um wow. Dropped my daughter off to school at 7:30 and at 8:03 I received a text with her picture. I'm so glad they switched to you. Impressed!

Yes, I was shocked when I got the text. I said no way the kids thought that was cool!

Fast, quick and easy!! Love this new photographer for my son's school. So happy switched.

## VIEW1ST

Our photography process is called View First. WHY?

Because your families get to see the photos, before ordering.

Special Note: MillerFoto is the only photographer in this area using this patented process.

Here is a demonstration video of our VIEW FIRST process.

These two moms experienced our View First process firsthand on Picture Day.

In less than 15 minutes of taking their child's photos, they:

- Received a proof on their phone
- Selected their favorite pose and expression
- Placed an order and got a FREE digital photo
